KS1 Home Learning

Reading - Weekly:

Please let us know about any reading (school books or your own home books) that your child reads at home in their contact book. Every time your child brings in their contact book with a note to say that they have read they will receive a Dojo point and we will add 1 more point to our classes' scores in the school reading race.

We would like the children to read their phonics reading books three times (either at home or school) before we change it.

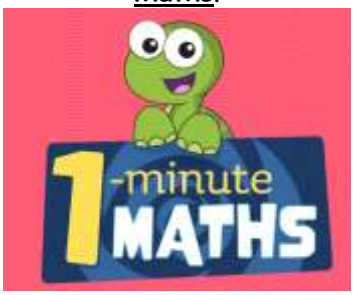

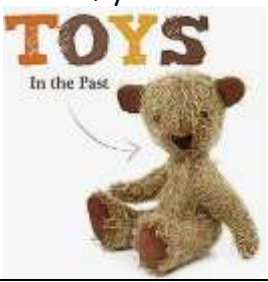

If your child is quizzing, they can change their book as soon as they have passed their quiz. They only have to read the book once if they feel ready to quiz following a single read. They can also complete quizzes for any books that they have enjoyed reading at home. They can bring the book in once they have finished it and an adult will check whether it is a quiz book.

Spellings - Weekly:

Please see our separate phonics/spelling session for the weekly spellings/sounds that your child is working on. Most children will complete a spelling quiz every Friday and they will earn a dojo point for achieving 4/5 or 5/5, 9/10 or 10/10. We will also be practising these words daily in school during the week. You only need to learn the spellings for your phonics groups.

Optional Home Learning

We will collect home learning folders at the end of the term to review any home learning that has been completed. You can also upload photos to Class Dojo at **any** time throughout the term for your child to share with the rest of the class. These activities are optional and your child can choose which ones they would like to complete.

Computing Creating pictures We have set you a 2Do task on Purple Mash to explore Pointillism. 	**Maths**.  Use the White Rose 1 Minute Maths app to practise your counting and arithmetic skills. Send us a dojo to say how you are getting on! (This app can be downloaded for free.)	**History** Talk to an older friend or family member about the toys that they enjoyed playing with when they were young. Can you make a poster about their favourite toys and some of yours? 
Science Trees Explore your local trees. Can you create a picture using trees, for example using leaves or bark rubbings? Send in your creations or send us a photo on Class dojo. 	**English** Use your writing skills to write a letter. Maybe you could write a letter for Father Christmas, or a letter to your teacher. 	**RE** What special times does your family celebrate? (For example, Eid, Easter, Diwali, Christmas). Create a poster or picture about how your family celebrates this special time.
